Hi Beth,

I am attaching the letter we sent to Chemours requesting additional sampling. I have not gone through all of the maps yet and redacted the street addresses. Thus, those will follow at a later date. However, if you see the highlighted areas on the map on the last page of Chemours' response, those are the streets we are looking into further. I am also attaching Chemours' response.

Finally, Chemours sampled Edgewater Café and it was nondetect.

Have a good afternoon,  
Jenny
